MOHAMED SOLOMANI DOUMBIA

Business Information Systems — MIAGE

Bamako, Mali | (+223) 75 99 24 82 | dmohamedsolomani@gmail.com | github.com/VIEM0S | Portfolio: viem0s.github.io/en

PROFILE

Holder of a first-year Master's degree in MIAGE (Information Systems applied to Business Management) currently interning at Bank of Africa (Sotuba branch), I have independently designed and built several complete applications: an inventory and point-of-sale tool used internally, an e-commerce website and the Kafora ERP, currently in development. Founder of ABC STUDY, self-taught and trilingual (French, Bambara, English), I combine technical skills with strong command of office and design tools (Figma, Canva). Reliable and adaptable, I am primarily looking for a position in business IT, while remaining open to other opportunities depending on the company's needs.

EDUCATION

Master's degree, year 1 — MIAGE (Information Systems applied to Business Management) *2024 - 2025*
INTECT SUP | Bamako, Mali

Bachelor's degree — Business Information Technology *2018 - 2021*
CUPP-BALLAT | Bamako, Mali

PROFESSIONAL EXPERIENCE

Founder and Manager — ABC STUDY *2026 - present*
Founded and run a sole proprietorship in general trading and services in Bamako.

TRAINING & INTERNSHIPS

Internship — Bank of Africa (BOA), Sotuba branch *08/2026 - 10/2026 · renewed 10/2026 - 12/2026*

- Welcomed and guided customers; helped fill in cheques and followed up on their approval with branch managers.
- Prepared counter cheques and deposit operations.
- Helped compile and check customer requests (dormant account reactivation, one-off and standing transfer orders, chequebook requests, signature changes); filed and archived documents, photocopies.
- Informed customers (card ready, missing documents), handed over Visa bank cards and kept the tracking register.

Inspector training — CIRSAC *02/2025 - 03/2025*
Qualitative and quantitative training as an inspector, in the context of care for pregnant women.

Internship — Canam (ACI2000) *01/2025*

- Archives department: sorting and organising files.
- IT department: introduction to the production process of health insurance (AMO) cards.

UI/UX Design — Orange Digital Center *12/2024*
Figma mockups: travel website “PlanifieTonVoyage” (view prototype); “Orange Mali” web page (view mockup).

Web development bootcamp — Orange Digital Center *10/2024 - 11/2024*
Intensive training in near-real working conditions that strengthened self-confidence, communication, organisation, teamwork and presentation skills while building coding skills.
Pair project: “Recette Cuisine” interactive Figma prototype (view prototype).

PERSONAL PROJECTS

CultureCaseGS — Internal inventory and point-of-sale tool *Solo project | Live, internal use*

- Back office built with React 18, Vite and Firebase to manage CultureCase's inventory and sales (internal tool, not public).
- Features: analytics dashboard, offline mode, CSV export, continuous deployment with GitHub Actions.

CultureCase — E-commerce website *Solo project | In development*

- Online store in vanilla JavaScript (SPA), with order management and a customer journey through to contact.

KAFORA — B2B ERP / POS *Solo project | In development*

- Multi-tenant SaaS management platform for retail SMEs in West Africa, built with Next.js, TypeScript and Supabase (PostgreSQL): offline point of sale, invoicing (SYSCOHADA numbering), bulk product import, customer credit limits, thermal receipts.
- Staff management, audit log, per-plan quotas; security audit completed and automated test suite.

SKILLS

- Development: JavaScript, TypeScript, React, Next.js, Vite, Firebase, Supabase (PostgreSQL), HTML/CSS
- AI tools: using AI assistants to speed up development and make it more reliable
- UI/UX Design: Figma (good working knowledge), Canva (regular use — flyers, infographics, social posts)
- Office tools: Word, Excel, PowerPoint (excellent) — Sage, Odoo (basics)

LANGUAGES

French — fluent (reading and writing)
English — good (reading and writing)
Bambara — native (spoken)

INTERESTS

Football, Music, Photography, Reading
